When Farjana entered into the Dhaka city with her parents, her age was 2-3 years.

They are four sisters and one brother.

At the age of 8 years her parents linked her up with a leather hand gloves factory instead of school.

There was no disciplined in her life. Her working period was 7.00 am to 7.00 pm that was too much. During her working period she feel bad headache and many other physical problems.

But time has been changed and now she is in the light of education and her life is disciplined. in 1st September 2014 ,after one month of her working period SOHAY Field Officer picked her up from the factory and involved Urban Development Center(UDC) activities for Govt: primary school admission. After one month later SOHAY Field Officer admitted her class one in the Monesher Government Primary School, Monesher road , Tenary More, Jigatola, Dhaka.

In 2015 she got permission for class two and her class roll was 13.In 2016 she promoted to class three and her class roll is 3.Her development is increasing day by day. That was happened with her inner sprit and eagerness for education ,her parents support, UDC activities of SOHAY, and school support. Present scenario of her daily life has describe gradually. She go to school at 7am and back home at 10am.Then she go to Arabic learning session. After this session she back to the home and take part with her mother house work. She usually go to SOHAY UDC -11 at 2.30 pm for tutorial support. In the afternoon she play games with her friends and at night she prepare her school task finally. At this moment her life is going smoothly. SOHAY field officer has said

Farjana brilliant student ,if she get proper support ,she will achieve tremendous success in her life. She don't take any other private coaching, only depends on school and tutorial support session of SOHAY UDC. Her school teacher has said she is regular in school and attentive in her lesson. She prepare her school home task regularly. Recently she attended in a math competition on behalf of her school team. Though she did not achieve any position in the competition but her performance promising. Her parents has said, now they want to continue her education.
