SOHAY is a not for profit non-government organization. It has started its programme activities in 2002 registered under Joint Stock Company and firms in 2004 and NGO Affair's Bureau registration in 2007. SOHAY's activities are focused to create skilled, disciplined, educated and self confident human resources to eradicate poverty. Since beginning SOHAY has tried to empower people, enhance basic knowledge & confidence. Raise parent's consciousness, create women group.

Assist slums children to study at Government primary school and create a friendly educational environment in slum area. Often SOHAY is doing learning sessions with children different child day. This learning sessions is very important and fruitful because of slum parents are not able to obtain money for their children visiting important learning place. So SOHAY create an opportunity and comprehensive visit for slum child. It is great opportunity for vulnerable child.

- Moral think: Zoos are especially nice for teaching young children how to care for and respect all living creatures.
